THE SIGN OVER YOUR DOOR

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, it would interest you, would it not?

THE DIRECTORY

is where people look for you when they want to do business. You should make it easy for them to find you by putting such information as the buyer wants in the Directory, properly indexed under all the headings where he might look for you.

To be properly registered costs less than to be left out.

Endicott Junior College

The Career Junior College for Young Women

BEVERLY

MASSACHUSETTS

ENDICOTT JUNIOR COLLEGE is fully accredited. It is a member of the American Association of Junior Colleges, is a member of the New England Junior College Council and has the Delta Nu Chapter of Phi Theta Kappa, the national Junior College Honorary Scholastic Society. It is approved by the Massachusetts State Department of Education, by the Massachusetts State Board of Collegiate Authority, by the Legislature of the Commonwealth of Massachusetts and by the Division of Higher Education of the University of the State of New York as well as by Senior Colleges and Universities.

ENDICOTT is a Career Junior College offering both Liberal Arts and Vocational courses for full transfer privileges to the third year of Senior Colleges or for positions. Endicott has no secondary school connected with it. Each of its twelve vocational fields includes one month of internship (work) experience each year in addition to the approved college curriculum. Its guidance program aids the student in finding her chosen field according to her personal needs, interest and ability through Counselling; Auditing of Classes, by way of discovering other career fields of possible interest; Lay Faculty, consisting of vocational executives and by her Internship (work) Periods and Placement.

ENDICOTT JUNIOR COLLEGE is a non-profit controlled by a Board of Trustees. It is chartered by the Commonwealth of Massachusetts and has been granted the right by the Massachusetts State Board of Collegiate Authority to confer the degrees of Associate in Arts and Associate in Science.

ENDICOTT is a non-sectarian Christian College. It aims to create an atmosphere that will crystallize in an appreciation of spiritual values. Students are encouraged to attend the church of their preference.

ENDICOTT'S buildings and campus are most unusual. Its 100 acres of shore front and wooded campus overlooking historic Massachusetts Bay is within 20 minutes' walk of the heart of the City of Beverly. It affords all types of sports including skating, tennis, riding, swimming and boating. This and its accessibility to the neighboring men's colleges and universities are important factors in Endicott's social programs.

Dear Sirs: Please make the following change in your next directory, so that my occupation will read "bookkeeper" instead of "clerk" at the ABCo's plant and oblige

TWO SERVICES

...and your community

In this modern age electricity and gas play a prominent part in the development of a community. Whether it be for domestic, industrial or commercial purposes, these two services stand always ready — to act and to serve at the touch or turn of a switch.

The ease and simplicity of their usage has made us accept them “as a matter of fact.” This acceptance in itself is a testimonial to their high degree of efficiency.

Walk along any street, day or night, winter or summer, and you see just the outward signs of their existence. Then realize that, at this same time, in homes, stores and factories, these services are being utilized for even wider uses upon which our everyday existence is dependent.

Electricity and Gas — the perfect servants!

Why

*Do So Many Advertisers
Use the City Directory*

Why?

Nearly every business has one or more copies.

A Growing Percentage of Homes have the special rate copy, sold for strictly home use at low cost.

No waste circulation.

The Advertisement Lives and works for a year or more.

City Directories are used many times each day.

“Reference Advertisement” is used by the buyers.

City Directories are used by buyers when in a buying mood.

The advertisement is in nearly every store, office, and factory every day of the year.

A City Directory never gets dusty — it is used too much.

The advertisement is always before the Buyer, every day.

Advertising clubs and all successful advertising merchants agree that the most valuable asset in any form of advertising is

Name Advertising

Thus, by building up public knowledge of the name and, of course, keeping the public confidence in the goods sold, progress is made surely and business increases.

As an example, any large metropolitan store will admit that the hundreds of thousands spent in advertising are largely assets for the NAME OF THE STORE, as no single advertisement ever returns the cost of insertion in a large newspaper, in sales which can be checked up from that particular advertisement.

DIRECTORY ADVERTISING is rated Number 2, after newspapers, on the list of best available media for local name advertising. Its small cost, plus the value of the enumerated names, gives it heavy support.

A DIRECTORY

*has a large potential "consultant use,"
easily proven to be*

over a million readers a year

**ON A BASIS OF 1000 BOOKS ONLY
IN A DISTRICT.**

Consider the effect of this as NAME ADVERTISING, and do not forget that the book is commonly almost the first thing seen by newcomers in a district, who need facts and information.

Use of other substitute publication to answer queries was investigated by a special committee of the Springfield Chamber of Commerce and was found to suffer by comparison signally. The telephone book had eight names, where the Directory had a full page of names.

PREFACE

The Forty-first volume of the City Directory includes the towns of Hamilton and Wenham. Names in the towns in the Beverly district are enumerated with the same system and care as the city and are taken in alternate years. The population of Beverly is not estimated this year due to war conditions. The general directory contains 64% new or changed matter of which 1924 consists of new names this year. In the street directory of Beverly and the towns a special indicator (⊙) marks property owners—a modern feature, established in 1933, also the locations of telephones are shown by an asterisk (*).

A separate map of Hamilton and Wenham is included with this volume.

The publishers acknowledge their indebtedness to all who have supplied information and to the advertisers whose patronage assures the city of its annual directory service.

PRODUCING THE PRODUCTIVE**INTRODUCTION**

Probably no city in the Commonwealth blends the old and new as well as does Beverly. Founded in 1626, Beverly has handed down to its present generation a worthy heritage of tradition and history. Not until 1900, however, did Beverly begin to show a rapid growth. Since then it has doubled in population. The recent census places Beverly slightly over the 29,000 population class. It may be truthfully said that Beverly today presents the characteristics of a modern city, while retaining the best from the customs and traditions of the past. Let us in brief enumerate the reasons why Beverly is one of the best cities in our Commonwealth.

CITY OF BEVERLY

STREET AND HOUSE DIRECTORY

1 9 4 4

This guide gives the location of the streets, places, parks, squares, etc., and shows what other streets and places run from them or across them, with the point at which they intersect. The system adopted for numbering the streets of the city is that a person starting at the beginning of any street and following along with the numbers, every even number will be on the left and every odd number on the right hand, with the names of heads of families and persons in business in the order of location.

The cipher (0) is used to designate houses or buildings without numbers, the dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no numbers, and also to designate railroad crossings and bridges, parks, etc.

When there is more than one family in a house, the down stairs name is usually given first.

Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jct., junction; n., near; opp., opposite; prov., provisions; rd., road; r., rear; rep., repairing; smr., summer; s. r., summer resident; var., variety; etc., etc. Houses having erroneous numbers are sometimes enclosed in parenthesis (—).

OF COURSE ADVERTISING COSTS MONEY

One of the stock alibis of persons who do not advertise or register their business strongly in the Directory is that advertising is an expense.

Of course it is. So is window trimming, lighting, heating, telephone service, postage, rent, cost accounting, price tags and almost everything else that helps to sell merchandise or service.

Yet no business man attempts to get along without these necessities. And most of them are advertising in one form or another.

Attractive windows are effective advertising only to those who pass the merchant's place of business. An inviting interior, good lighting arrangement and price tags reach only those who come through the door.

But no merchant who wants to maintain even his present volume of business, to say nothing of increasing it, can hope to continue for very long, in the face of advertised competition, without some aggressive program to attract NEW customers—and when getting them also serving them with a directory handy for use.

Of course it costs money to advertise. But it may easily cost more money to lose that volume of business which is necessary to operate at a profit.

Your ADVERTISEMENT in the DIRECTORY will give your business the punch that puts the story over:—

Why

Do So Many Advertisers

Use the City Directory

Why?

Nearly every business has one or more copies.

A Growing Percentage of Homes have the special rate copy, sold for strictly home use at low cost.

No waste circulation.

The Advertisement Lives and works for a year or more.

City Directories are used many times each day.

“Reference Advertisement” is used by the buyers.

City Directories are used by buyers when in a buying mood.

The advertisement is in nearly every store, office, and factory every day of the year.

A City Directory never gets dusty — it is used too much.

The advertisement is always before the Buyer, every day.

Time Is Money

CROWLEY & LUNT'S CITY OF BEVERLY BUSINESS DIRECTORY

1944-'45

(For Hamilton and Wenham Business Directory See Back of Book)

Beverly, clean, healthful city on the North Shore, cooled in summer and tempered in winter by the seven miles of Atlantic shore line, recommends itself to all classes of manufacturers and business men on account of its first-class rail and water facilities and equitable freight rates to all shipping points. With a valuation of nearly \$50,000,000, the manufacturing industries comprise machinery, shoes, oils, oiled clothing, chemicals, iron foundries, mattresses, planing mills, grain elevators, electric works, etc.

The United Shoe Machinery Corporation occupying one of the largest reinforced concrete factory plants in the world and employing 5,000 expert mechanics, pays a wage of over one and one-half millions per year. Spur tracks of the Boston & Maine Railroad connect with all the wharves. Population of Beverly, 1944, estimated about 32,000. Eighteen miles from Boston on the Boston & Maine Railroad, Eastern Mass. Bus connections to all nearby points. Superior harbor. Three banks. Daily newspaper. Superior fire department. Good sewers. Superlighted streets. First-class public schools. Good hotels and theatres. Public school playgrounds costing over \$50,000. Modern bath house at Oceanside Park.

NOTE:—It has been found essential (as a general rule) to insert names of firms under the ONE heading only which best represents them, except in the case of patrons, when extra insertions are sometimes made.

The impression that we are “well known” or that “everybody knows us” is a common fallacy of the business mind. Experts have studied the actual facts by practical questions aimed at the public. Their finding is this: The best known business man is only one-half as well known as he thinks he is.

Do not let this fallacious reasoning take a toll from YOUR business — advertise it.
